Krav

RTPO™ < 15min
100% tested

Modern Data Center

Virtualization

VM

Modern storage

Cloud

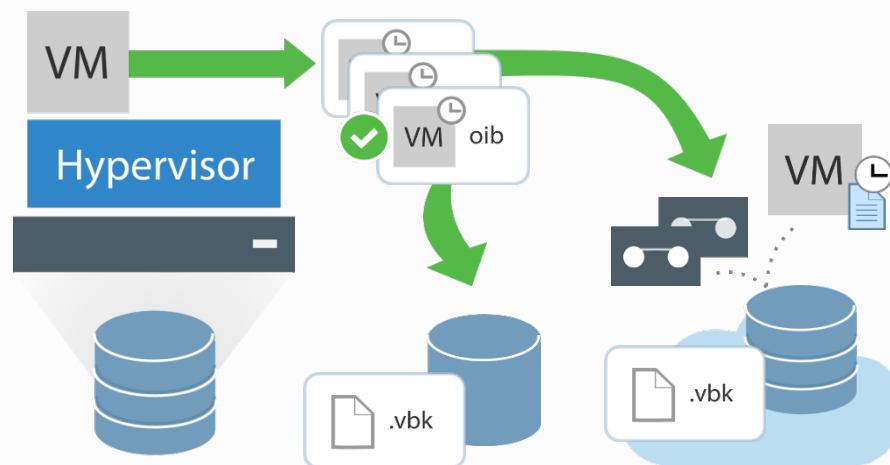

3-2-1 Rule

avoiding recovery failure

Backup specialists agree that in order to ensure recoverability you need:

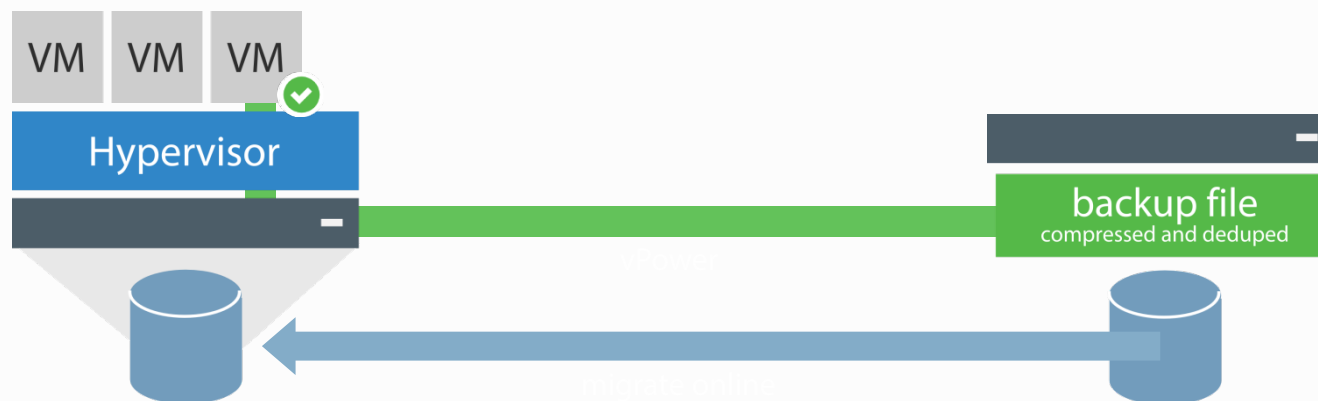

- 3 copies of your data
- Store this data using at least 2 different media types
- Store at least 1 copy offsite
- Allow for "0 errors" by using automatic recovery verification using SureBackup and SureReplica

High-speed Recovery

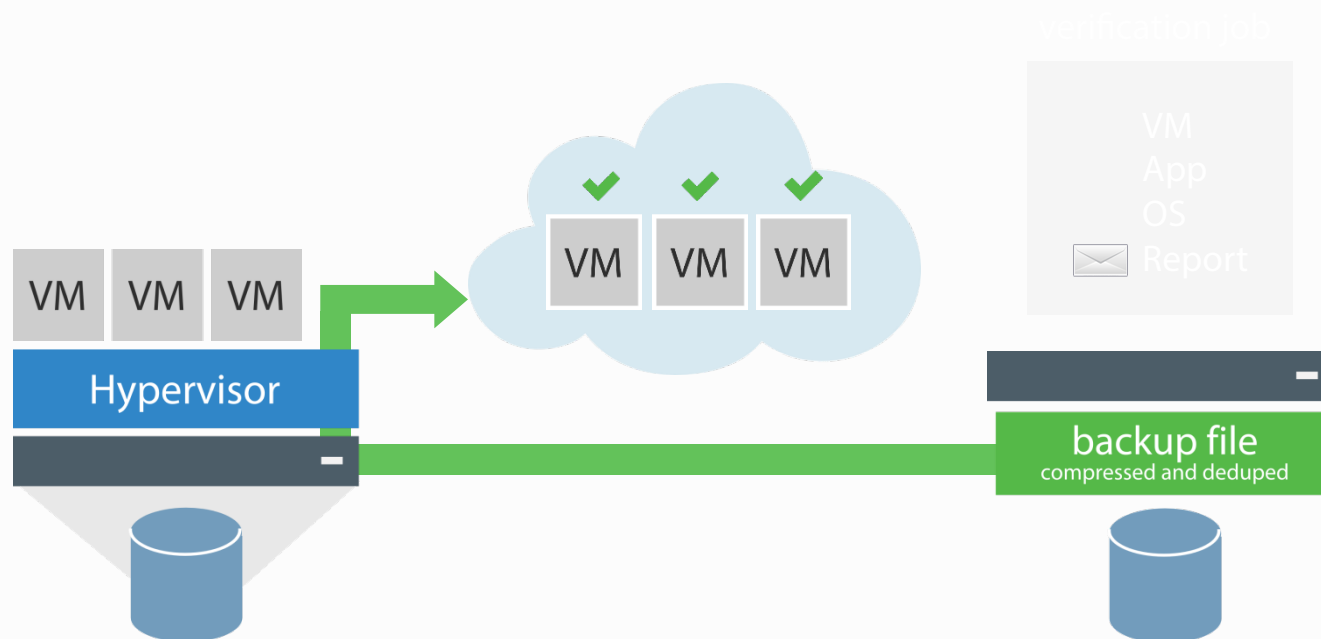

instant VM recovery och Itame level recovery

Verified Protection

automated backup verification

Fordeler for EB-gruppen

- Møter kravene på 3-2-1
- Backup flere ganger om dagen
- Gjenoppretting på mindre enn 15 minutter av hele VMs og objekter som fil, SQL, AD, Sharepointobjekt
- 100% sikker på at backupen virkelig fungerer
